FEATURES

400 kg Weight Test
All wall hung WC pans can hold up to 400 kg.

Glazed Duct and Flusher Interior
WC pans are dirt-proof, easy-cleaning and hygienic.

Open/Close Test
All seat covers are subjected to an open/close test.

Functional Test
All WC pans are subjected to a 6-liters functional test.

Stainless Steel Hinges
Seat cover hinges are produced out of water-resistant stainless steel.

Odor Test
All WC pans are subjected to an odor leakage test.

3 / 6 Lt WC Pans
Saves water with 3 Ltr. consumption for half and 6 Ltr. consumption for full function.

Soft Close Seat Covers
Soft Closing and silent special technology.

1 Ltr. Urinals
Saves water with only 1 Ltr. of water consumption.

Product Overview

Livenza Plus wash basins are designed to be both practical and beautiful; available in three widths with the choice of semi or full pedestals to provide stability and conceal unsightly pipework.

RIMLESS DESIGN

TOILET BOWL WITHOUT AN EDGE

The rimless design is standard for all special toilets. It means that the toilet bowls do not have any difficult-to-reach places in which dirt and bacteria can accumulate. This makes it possible to clean the toilet far more quickly, easily and thoroughly.

TRADITIONAL DESIGN

KRAFTCO DESIGN

MORE HYGIENIC

MORE ECOLOGICAL

EASY TO CLEAN

- Glazed Siphon
- More Silent
- Soft Close

FLUSH TECHNOLOGY

TORNADO

Tornado flush system features two powerful nozzle that will create a cyclonic rinsing action. It will reduce waste buildup & keeps the bowl neat and clean. This high-effeciency mechanism is more effective in one flush that most toilets are with multiple flushes.

SIPHONIC

The siphonic flush system is also known as the suction flushing system. The siphonic flush system creates the narrow 'Q' shaped trap way. You'll have a clear bowl with a lower chance of skid marks. With the use of advanced technology in flushing.

SIPHONIC WITH TORNADO

The combination of siphonic & tornado will bring the highest quality of hygiene into your bathrooms. With the help of this advanced & one of the easiest to maintain flushing systems, it'll be easier to keep up with cleanliness in just a second. We introduce you to brand new features 4D & 5D flushing system.

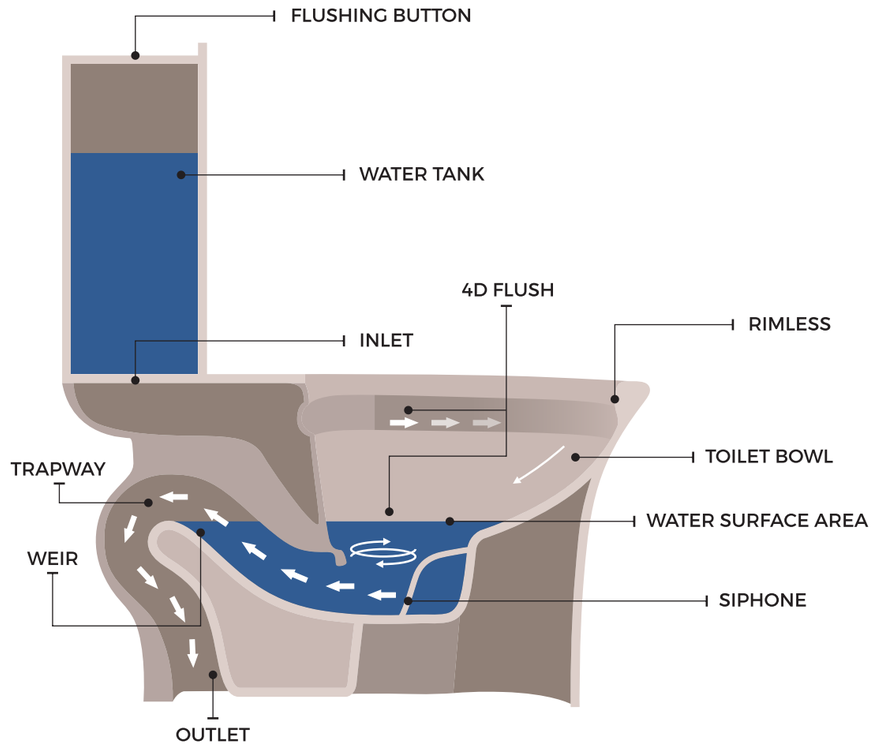

WASHDOWN

The way wash down flushing works is very simple. It will use the weight and gravitational flow of water from a toilet bowl. It will save your water effectively as it includes dual flushing.

How It Work ?

Large water surface offers easy cleaning
Extra large siphon jet for maximum power
Elegant skirted design offers easy cleaning
Large computer designed, fully glazed trap way reduces clogging.
